A group of four young people (three women and one man) are laughing and smiling together outdoors. They are dressed in casual attire like denim jackets and plaid shirts. The background is a bright, slightly blurred outdoor setting. The text 'WHY CHOOSE CACTUS LANGUAGE?' is overlaid in the center in a bold, white, sans-serif font, framed by two horizontal white lines.

WHY CHOOSE CACTUS LANGUAGE?

As the UK's leading language study abroad organisation, Cactus Language offers study abroad programmes and language course holidays in over 120 destinations around the world.

Our language travel consultants are experts in their field. With first-hand experience of the courses, they provide on-going support before, during and after your child or teenager's stay.

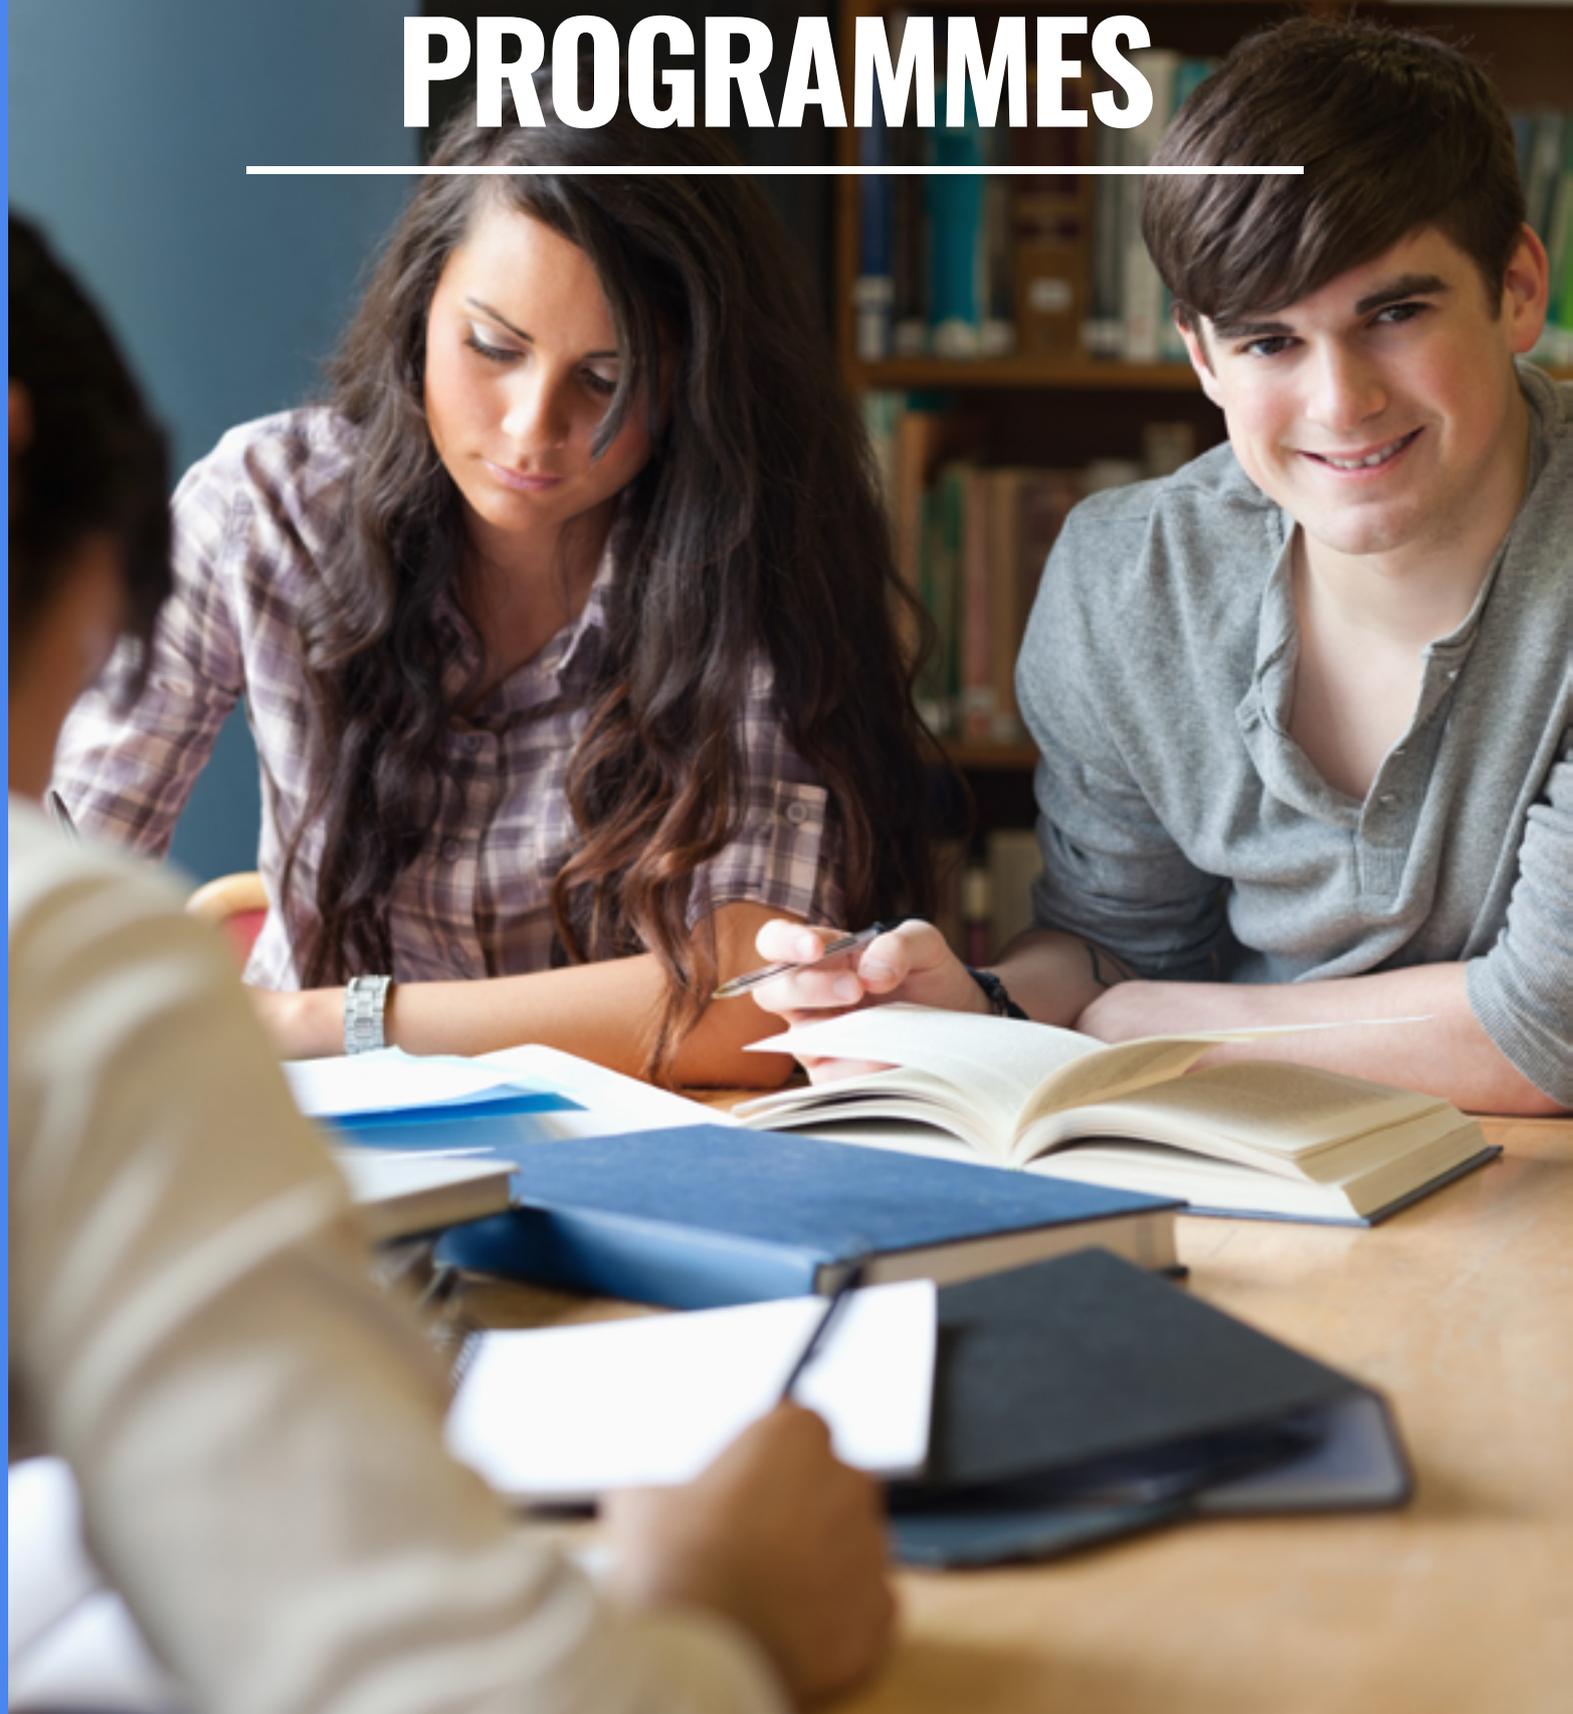

Cactus Language is part of Cactus Worldwide which offers Evening Language Courses across the UK, Corporate and Business Language Training, and TEFL courses worldwide. With almost 20 years' experience in language teaching, having trained over 150,000 people to date, Cactus was one of the first language providers in the UK to send language learners overseas for immersion courses across the world. We specialise in Junior Courses, Language Summer Camps and School Groups, and work with only the best language schools throughout the world.

All of our junior programmes are designed specifically for children and teenagers, with their needs, preferences and requirements in mind. With a range of exciting international destinations to choose from every programme is tailored to the specific age group, with age-appropriate classes and activities. Studying abroad will not only offer your children and teenagers the chance to practise real-world communication skills in another language, it will also give them an experience abroad that will broaden their friendship groups and deepen their cultural understanding.

FEATURED IN

OUR PROGRAMMES

SCHOOLS & CAMPS

All of the schools we work with are accredited by official international organisations or organisations of the country such as the British Council, EAQUALS, FLE, FELTOM, ALTO, Instituto Cervantes, and the Italian Ministry of Education. Our schools are carefully selected for their high level of quality and care, and are situated in safe, culturally enriching locations. All of the teachers and support staff in our schools not only hold the relevant language teaching qualifications but also undergo rigorous checks and assurances. In addition, the rules and regulations stipulated in each language camp centre meet with the relevant child safeguarding laws of the country and the EU.

SUMMER LANGUAGE CAMPS

Summer language camps offer students an immersive experience in which they can learn a language and discover a new culture. The summer camps combine language lessons with a broad range of excursions, activities and sports. Students can normally choose to stay on-campus or live with a host-family. Excellent pastoral care and first-rate language tuition is guaranteed across all our summer language camps.

YEAR-ROUND PROGRAMMES

The year-round programmes for juniors are designed for students looking to develop their language skills throughout the year. The programmes also include activities and excursions for students to discover the culture of the country and enjoy the benefits of a full-immersive experience. Accommodation is provided on-campus or with a host-family and the safeguarding of the students is guaranteed at all times.

THE TEACHING

Language classes are held either in the mornings or the afternoons, Monday to Friday. The children are placed in a class with others of the same language level and the same age group, but from different countries. The teachers employ the immersion technique in order to accelerate the students' progress and encourage them to use the language being learnt as much as possible, and the teachers are always native or bilingual speakers. The classes are engaging and relaxed, with an emphasis on speaking and communication.

THE PROGRAMME

With language classes taking place either in the morning or the afternoon, the other part of the day is taken up with a wide range of fun and educational activities. All activities are supervised by activity leaders and coordinators, and the activities are designed to give the children more opportunities to practise the language they are learning in real life situations.

The activities include a full range of sports, games and cultural experiences during which children have the opportunity to make friends with other children from all over the world and learn more about the country they are visiting.

Some free time for relaxing is also factored into the programme schedule. Free time is usually spent on campus and is supervised. For older teenagers there may be the opportunity to spend some free time unsupervised in small groups. However, there are always a strict set of rules that they must adhere to in order to receive this privilege. All our camps provide an emergency telephone line which is serviced 24 hours a day in case of emergencies.

ACCOMMODATION & TRANSFERS

ACCOMMODATION

The accommodation at a Cactus Language camp is a key part of the language camp experience. Whether children stay in a welcoming family or with same-age friends in a residence, the accommodation provides a safe and secure environment.

Our accommodation provides opportunities for young students to gain better understanding of the local culture and to practise the local language.

Parents can choose between host family or halls of residence accommodation depending on the age of their child and the location of the school/camp. All accommodation is selected according to strict criteria and both options usually involve sharing a room with someone of the same age and sex. Both options offer full board (3 meals a day) which is included in the price of the package.

HOST FAMILY

In a host family your child can enjoy the company of a local family in a secure and friendly environment. This experience means they will eat freshly prepared local food and will sit down with the host family to eat at meal times. During the week breakfast and evening meal is with the family, lunch is a packed lunch or at the school and at the weekend all meals are provided by the host family. Travel to school is either by walking, public transport or the school bus service.

RESIDENCES

With the residence option, children can make friends from all over the world and learn about new cultures. They will stay in a shared room or single room which is supervised by the school staff and enjoy a full board package with all meals provided at the residence or nearby canteen. School group leaders provide 24-hour supervision for those staying in residence accommodation.

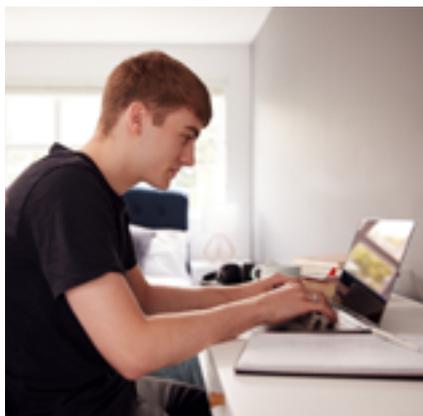

TRANSFERS

All summer camp programmes include a meet and greet at the airport upon arrival, transfers from the airport to the accommodation, and transfers from the accommodation to the airport on the return journey. This is a pre-arranged door-to-door service.

We welcome all parents to travel with their children and drop off/pick them up at the summer camp if this is a convenient option. Please note, for child protection rules you may not be allowed into the children's sleeping area when visiting the school.

UNACCOMPANIED MINORS SERVICE

We encourage parents to travel with their children, however if this is not possible, the Unaccompanied Minors (UM) service offered by most airlines is strongly recommended for children under 13. Some airlines will not allow children under the age of 13 to travel alone without this service. The service provides care for the child during the journey by the airline and the school. If you require this service, please enquire for the price and procedure as this differs slightly for each school.

LANGUAGE CAMP SPORTS & ACTIVITIES

The activities outside of the classroom fulfil multiple roles – they help children make friends, increase their opportunities for practising the new language, and develop their teamwork skills.

Activities outside of the classroom are where students can put what they have learnt into practice. Doing this in an enjoyable and relaxed environment is the best way to improve language skills quickly while having fun. For this reason, every language camp has a wide range of activities to participate in, which ensures that everyone can find something that they enjoy.

ACTIVITIES

- ✔ **Sports include:** football, tennis, volleyball, swimming, basketball, ball games, golf, horse-riding
- ✔ **Activities include:** treasure hunts, board games, workshops, film night, shopping
- ✔ **Cultural experiences include:** art galleries, museums, sight-seeing, historic visits
- ✔ **Social activities include:** BBQs on the beach, picnics, parties, tournaments
- ✔ Activity leaders organise and supervise the activities
- ✔ Specialist sports are instructed by qualified and experienced professionals
- ✔ All activities are organised to ensure optimum safety

Some activities are included in the price of the camp, other activities are optional at an additional charge

FREE TIME & SUPERVISION

SUPERVISION

The schools provide appropriate 24-hour supervision to your children, asking students to respect strict rules adapted to their age level. With this supervision in place, each student can enjoy the smooth running of their stay abroad. From meeting students at the airport, flight transfers, through the organisation of courses, activities, and transport. Your child will be in the care of adults who will always prioritise your child's safety. It is important that you do not hesitate to contact us for any questions concerning your child's experience abroad. Our team will always do their best to meet your requests. Please provide your questions in writing a minimum of two weeks before departure, for us to ensure a full response and tailor the programme delivered to your needs and requests.

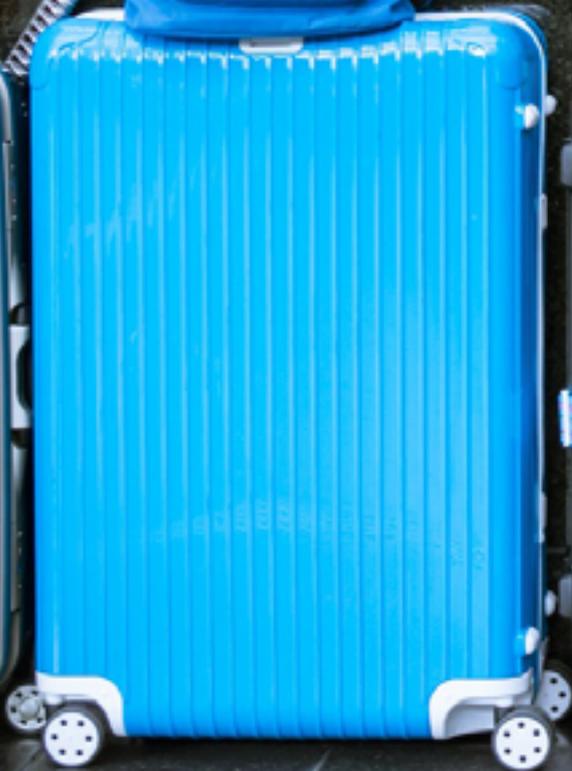

FREE TIME

All our programmes include many varied activities. In addition to this, students have some free time to rest or mix with other students. For younger learners, free time is usually spent on campus under the supervision of activity leaders. For more independent teenagers, excursions to the city may include periods during which the students are allowed to walk around the city while supervisors provide meeting points to which they must all return regularly. Whatever the age of the participants, our partner schools do everything in their power to guarantee their security.

POCKET MONEY

We recommend £40 to £50 per week for phone credit, snacks, drinks, and souvenirs or gifts. We also recommend an additional similar amount for optional activities offered by the camp.

WHAT TO BRING

In this checklist we recommend clothing and personal items students will need during their stay at a language camp.

The list will vary for each programme and depending on the season. Please remember that everything needs to be marked with the name or initials of the student.

BOOKING & PRICES

BOOKING PROCESS

- 1 Visit cactuslanguage.com to browse our course options. You can contact one of our multilingual advisors at any stage of your booking.
- 2 Search by language or location, compare and select your course.
- 3 Choose your course, school, location, accommodation, and booking details. Contact one of our advisors with any special requirements.
- 4 Complete the booking process, selecting your preferences and submit your deposit online. You can also discuss your options with an advisor.
- 5 Cactus will confirm your course details, accommodation and any additional extras in your travel pack.
- 6 Cactus will send full pre-departure information and advice on your language camp.

PRICES

All of our programme prices include tuition, full-board accommodation (3 meals per day) and an activities schedule. In addition to the standard programme, some schools offer intensive tuition, additional sports activities and cultural outings/excursions.

For further information, check the course description under each course title. Some programmes also offer a wider choice of additional optional activities which can be paid for on-site. If the airport transfer is not included in the price then it will be indicated in the booking form and must be selected.
